

Train the Trainer Catalog

Discover tailored training solutions that enhance skills and increase participant engagement in any setting

Empowered Learning Facilitators

Empowering Trainers. Elevating Impact.

How to Use This Catalog

This catalog is designed to help you explore Letskillup's Train the Trainer experiences and choose the right program for your facilitators, trainers, or internal subject matter experts.

Each program summary includes:

- **Format** – Live, virtual, or hybrid options
- **Focus** – The skills and outcomes participants develop
- **Best For** – Ideal audiences and use cases

Our programs can be customized to your organization's goals, delivery formats, and learner profiles. Pricing is provided after a brief needs discussion to ensure alignment and measurable impact.

1. The Essentials of Professional Facilitation (1 Day)

Format: Live or Virtual

Develop the core competencies of effective facilitation in a hands-on, high-energy learning experience. Participants learn the essentials of presence, engagement, timing, and managing group dynamics—leaving ready to lead sessions that inspire learning, not just attendance.

Best for: New facilitators or subject matter experts transitioning into facilitation roles.

2. Immersive Facilitation Skills Lab (3 Days)

Format: Live or Virtual

A deep-dive experience blending facilitation theory, short practice rounds, and real-time feedback. Participants apply techniques directly to their own content, receive personalized coaching, and refine delivery to achieve professional-level facilitation mastery.

Best for: Trainers ready to elevate their confidence, polish, and engagement techniques.

3. Master Facilitator Certification (4 Days)

Format: Live preferred (Virtual option: four 3.5-hour sessions)

A comprehensive certification experience for facilitators ready to master the craft.

Day 1: Core competencies of professional facilitation

Day 2: Observation of a live delivery with guided debrief

Day 3: Practice sessions with group and individual coaching

Day 4: Certification deliveries with real-time evaluation and feedback

Graduates earn recognition as Letskullup Certified Facilitators, equipped to deliver high-impact learning across audiences and modalities.

Best for: Experienced facilitators or L&D teams establishing facilitation standards.

4. Virtual Facilitation Excellence (1–2 Days)

Format: Virtual only

Facilitation in a virtual world requires more than platform knowledge—it demands energy, connection, and design intentionality. This program focuses on using virtual tools effectively, partnering with producers, and engaging participants through interaction, pacing, and presence.

Best for: Trainers leading hybrid or virtual learning experiences.

5. Course Design Foundations (1–2 Days)

Format: Live or Virtual

Turn content into experiences that stick. This workshop walks participants through The Cycle of Professional Development, guiding them to structure learning for flow, engagement, and retention. Learn how to design content models, exercises, debriefs, summaries, and multimedia elements that bring learning to life—plus tips for participant guides and timing strategies.

Best for: Trainers, instructional designers, and leaders responsible for creating or refreshing training content.

Customization & Pricing

Every organization's training culture is unique. Letskillup programs can be tailored to your team's specific goals, experience levels, and delivery needs.

Pricing and scope are shared following a needs discussion to ensure alignment, relevance, and ROI.

About Letskillup

Letskillup turns trainers into world-class professional facilitators who deliver transformational experiences that lead to skill adoption, habit shifts, and performance change—through practical frameworks, modern facilitation techniques, and real-world experiences.
